## CAMP PATHFINDER

### **'Superior to the Bay' Wed. 7/28 – Tue. 8/16 ~ 11 Men ~ 20 Days**

After forest fires cancelled their first attempt one day before heading North to the Pineimuta & Attawapiskat Rivers, our Canadian AAs set out on an epic canoe trip across the coastline of Lake Superior to the Missinaibi River.

**A collection of summer updates and camp information.**

## Director's Message - What do we want for this summer?

We want to leave that city, cross that border, drive until we smell those north woods.  
We want to cruise around the Island and check out what's happening along the shore.  
We want to stuff our best gear in that dry bag and stroll over to the TP to pack packs.  
We want to swim in Source Lake and jump off the towers a million times.  
We want to sing the hits on a paddling sesh.  
We want to lay in hammocks at rest hour and read.  
We want that archery bull's eye.  
We want that scent of cedar kindling lighting up.  
We want to get to that one distant lake or river we've had our eye on.  
We want to do a classic G-Run.  
We want to canoe walk at Optionals and make it across 10 boats.  
We want to run that sweet set and make that eddy.  
We want to loll around on a trip day off.  
We want to light the evening firepits in our areas.  
We want to teach Hank some tricks and take Maddie through the agility course.  
We want to see that one massive bull moose.  
We want to model our newest fashion at Turbo.  
We want to chat in a toothbrush pontoon.  
We want that Level 4 in canoeing.  
We want to play cards on our camp trunks.  
We want that tug on the fishing line.  
We want to fill in our maps.  
We want skits and bits in the Dining Hall.  
We want that elusive Frolf hole-in-one.  
We want those big moons at night and white-out mists in the morning.  
We want to be back with our staff and friends.

We want it without any 'Virtual' anything, and never worry about low battery unless it's our headlamps. We want to leave Covid in the mirror. To be mask-off and game-on. We want those chocolate chip cookies. We want Noonway to mean 'see you tomorrow' not 'see you next year'  
We want to pack. Next year is now.  
We want our Pathfinder season.

Here it comes, boys.

# Photos we have never seen until now ...

*These snapshots come from an alumnus, Dana Smith, whose great great uncle was Frank Gray, one of Pathfinder's founders. The photos show detail of Pathfinder in its earliest years.*

1. A view of the Island ca. 1918. Looking from the main body of the lake at what would today be the Dining Hall on left and Tents 1-2 on the right. Notice the flags flying by the shore, likely a Canadian and American flag, just as we use today on our single Flagpole.

2. Along with a Rochester schools staff colleague, William Bennett, Franklin Gray founded Pathfinder on an undeveloped island in Source Lake in 1914. He was a Canadian, and worked in earlier years at Keewaydin Camp in Temagami. Frank is seen here with his bride Clara Gray on their own canoe trip. Sadly his face is obscured as he prepares a meal with her help. Everything in this picture is fascinating.

3. Another portrait taken in the city shows the family in their urban setting. Franklin and Clara pose with their young son Donald, probably at their Rochester home.

4. Check out this closer view of the shoreline. We see a small canoe dock, some men in trip clothes of the time period, and laundry hanging outside the tent platforms. It is believed the photos are snapped by Dana's great grandmother Ruby, who went with her husband and daughter to visit Frank and Clara Gray at their new Algonquin camp in 1918.

5. A wider shot of the canoe dock, with a John-boat or flat-bottom work boat in the foreground and a canoe 'rack' - just a platform. On the back of this photo is written, *"this was taken when the trips were out and looks deserted. You can see 2 of the older boys tents and a little of the mess tent, and the cook shack which joins it..."*

This is a clue to what we have always heard was a dining tent platform with a cook shack attached. But this early version looks much closer to the water than a later version that was likely in upper Stalker Park.

6. Visitors in formal clothing, worn when traveling by train from the city to Algonquin Park,. They are either arriving or departing from the Pathfinder canoe dock. Boys in bush clothes are standing by a loaded canoe. Are they off on trip?! It seems this dock was somewhere close to the space on the shoreline between the Dining Hall and Tent 2 today.

7. Another recent find! Frank and Clara pictured at Pathfinder with some of the boys. What cabin is this and where was it located!?

*Who took these pictures so long ago, and why are they exciting? The research continues ...*

## Camp Banquet 8/19/21

“I want everyone to think for a second. Back to one year ago. Think about where you were, maybe what you were doing.

Some of us were back home, curious about what the rest of the year was going to be like. Some of us were back home, just trying to let the storm pass.

Some of us were lucky to be doing something we loved. Maybe a chance to talk with people we normally wouldn't, or spend time with our families. While only a small group, some of us were even up here on the island.

But for everyone in this room, no matter your age or what you were doing, a year ago was anything but normal. I know we're all tired of talking about and hearing about Covid and its effects, but I think we need to remember what it's done, and what parts of our lives it's affected most.

We're lucky to be sitting in this room tonight, together. Lucky to have gotten on the trail this summer. Lucky to be in this beautiful park...

Walk slowly around the island these last few hours. It will miss you. And if last year has taught us anything, it has taught us that our time here is fragile.

Tonight, I'm thankful for the summer we've had, the progress we've made, and the success that for so long seemed so unachievable. Tonight, I'm proud to be part of a hard-working and driven staff team, that put their lives on hold when life was hard enough. Tonight I'm proud to stand up in front of a room of young men who were stuck inside for months, missing opportunity after opportunity, graduation after school activity, and school sports, maybe a trip or a plan that was the reason you studied so hard and tried so hard on a test.

But in spite of that, you made the most of it and stayed on top.

Tonight, while I'm proud I'm also sad to see you leave. Something about being here with all of you just feels right. And the sad truth is this exact group will never be in this room together again.

While our problems here are real, they aren't severe or threatening like the ones at home. Our highs are high, and the lows could be lower. As my co-DOC once said, “When I'm on trip, I have only one thing to think about: the trail. My mind is so full of what comes next, that all my problems seem to fade away.”

When you go home tomorrow, don't forget about us. Don't forget the arts and crafts AA you worked so hard for, don't forget your first power jump, don't forget what you got at candy line.

These things matter. You will use them as fuel in the winter, when school is hard and you're sick of being inside. Remember the lakes you paddled with your favorite Second Men, remember how the paddle felt in your hand. Someday you may forget. Don't let that day come too soon...”

Purchases

## Key Gear Offered at Cost

Camp offers high quality items at cost, as a courtesy to families. Advance order. Anything purchased beforehand will be given to your camper when they arrive at camp. *Sleeping bags, dry bags, PFDs & sweatshirts and more!* Check out our **Gear Form** below to see what we offer for purchase.

At **Candy Store**, run during each camp session, your camper can purchase more than just a sweet treat. We have *ball-caps, sweatshirts, buffs, dry-bags, water bottles, postcards & more.*

[Gear Form](#)

## Canoe Tripping - Gear Essentials

Pathfinder gear does not need to be expensive! But some quality gear is required...

This goes for campers of ALL AGES. The best daily clothes can get sweaty, muddy, wet, and dry. We recommend investing in rain jackets, trail boots, life vest, fleece jacket/puff, wool socks and headlamps.

**Long Trips** - There are some *specific & required* gear for Ott & AA 18-40 day trips. This ensures your camper is safe & warm for his long canoe trip experience.

## Pack for Health & Safety

Send your camper with the essentials for this special summer.

### **As usual:**

*Bathing kit with toiletries, biodegradable soaps, wash cloth or scrubby.*

### **Plus:**

*pocket hand sanitizer, small travel pack sanitizing wipes, 3 washable face masks and 3 blue medical masks, each in ziplock bags.*

# Chatter FAQ's

Here's what our families are asking lately...

## **Can we still get a spot for 2022? Is there room left in Pathfinder camper sessions?**

During March, you can still get a place at Pathfinder, but only in certain sessions.

## ***Spaces for younger campers are almost completely booked throughout our 109<sup>th</sup> summer.***

There is not much room for campers ages 10 – 14. Wait lists are already set up for Sessions C and D for ages 7 – 10. For 11 – 14 right now, several places remain in each half. AA campers (age-15) are now booked, and the new LIT class (age-16) is almost complete. The CIT class (age-17) still has 4 places open for our newest incoming staff men.

## **We're a veteran camper family with a tuition credit from 2021. Are we in?**

Yes, but sign up if you haven't yet! Your camper's spot is secure, and your tuition credit fully applies to this year. But you have to complete an updated enrollment. It takes 5 minutes. [For your link, email Sladds here.](#)

## **Will Americans & overseas campers be able to enter Canada for camp? What is required?**

Yes! As of March 15, 2022, both the land and airport border entries are open for discretionary travel including camp, and both parents and campers may enter Canada with a negative rapid antigen test or proof of a positive molecular test from 10-80 days prior to coming. [For Details, Click Here](#)

## **What is the Pathfinder Covid plan for 2022? [For the COVID-19 Camp Plan, Click Here](#)**

See the details at our News web page. We'll use vaccination, pre-screening/testing, and in-camp cohorts for Summer 2022. Masking, testing and case management will be even simpler and less intrusive than our successful 2021 season. As ever, we consult our medical directors & employ the latest public health guidance in partnership with Ministry of Health.

## **Will campers or staff have to quarantine at home before camp?**

No. Prior to camp parents will fill out a family and camper health screening questionnaire, and if he doesn't have Covid, the camper will take a Covid test before coming to Pathfinder. That's it!

## **When will we fill out health information for Pathfinder? [For Health Forms, Click Here](#)**

Your camper's Health Form is online at his enrollment page. We'll prompt you to complete this simple form in the spring, including health history, medications, and vaccination records.

## **How do I choose my camper's transport for this summer? [For Transport Forms, Click Here](#)**

Contact Sladds to get details, or make transport choices on our online enrollment page. All Pathfinder transport options are available this year. For any session you can use bus service from western NY and Toronto, use Pearson Airport service, and enjoy Parent drop-offs / pick-ups at camp once again – Parents will be welcome to visit the Island at last - Huzzah!

## **What about a Pathfinder Gear form? Do we need camp's gear? What's available?**

As always, Pathfinder provides specialty gear at-cost for parents who want this service. You can select a sleeping bag, hooded sweatshirt, paddling vest, or trip dry bag. [For Gear Order Forms, Click Here](#)

## **Family Camp 2022!**

*We have really missed Family Camp. Is Pathfinder bringing back Family Camp this year?*

You bet! We have two events, July 8 – 11 / Aug. 3 – 6. [For Family Camp Info, Click Here](#)

## Endurance Sank when Pathfinder Launched.

The year that Pathfinder began, Sir Ernest Shackleton and a crew of 27 embarked for Antarctica, in the golden age of polar exploration. Their amazing vessel was Endurance. The expedition followed Scott's fatal attempt to reach the South Pole only 3 years before, followed by Amundsen's success.

Polar ice entrapped, crushed and sank Endurance, leaving the men on the floes, as far from civilization in those days as if they'd been on the moon. They were to survive there for a year, waiting for rescue that only their leader could summon.

Shackleton and a few of his crew, leaving the others to survive and wait, fashioned a sea-going sail dinghy from a lifeboat, then risked their lives minute by minute in the raging Southern Ocean to reach a faraway speck, Elephant Island, where a whaling station (!) might be manned.

This journey, and the impossible crossing of mountainous Elephant Island, when they impossibly found it but had landed on the far coast, remains the stuff of legend, and certainly was riveting to the boys and men who first went to camp on Source Lake. A real time saga of nails-tough mental fortitude and positive outlook in the face of desolate conditions, the Endurance crew would have lit the fire in Pathfinder boys of the day.

# Pathfinder Weddings

*Pathfinder Island has been lucky to host a number of beautiful wedding ceremonies over the years in our rustic outdoor setting.*

*This past Fall season, we hosted two such spectacular Wedding weekends.*

[Visit our Wedding Page Here](#)

## David & Svetlana

David Statten and Svetlana Zeran were married in August at our outdoor Chapel. David, Camp Pathfinder's Canoe Builder of four years, solo paddled to the ceremony alongside his trusty 'Best Dog' Wham. Svetlana, head of a private Ontario Forestry Department, looked beautiful as she joined David at the altar.

Once the two said their I-Do's, they set out onto Source Lake with their wedding party. The group paddled six of Pathfinder's finest cedar canvas canoes along the lake shore before joining their guests for cocktails and live music in Stalker Park.

## Matti & Stephanie

Matti Kesikyla and Stephanie Looby were married this past September right at the peak of Algonquin's Fall colours. The couple, both avid canoe trippers, became husband and wife in our rustic Rec Lodge. The happy couple joined their wedding party on the swim dock for champagne and photos against the Autumn hills.

Chef Gonzalo and his team created a delicious three course meal served by our amazing Fall Crew Staff. The guests dined in our transformed Dining Hall of white linen and sparkling lights. The event culminated with a Rec Lodge reception.

# Alumni Events are Back!

That's right, both Spruce Root & GLM Weekend are back on for 2022.

Covid put our headmen and alumni on pause for two years, waiting eagerly for the chance to get back up to the Island for these beloved CPI Events.

## Spruce Root IV

**By invitation - Headmen, Senior Staff, Alumni**

*A Pathfinder chautauqua on leadership and wilderness canoe tripping.*

Spruce Root is a leadership Chautauqua, devoted to the enrichment of Pathfinder Headmen's professional practice. A biennial June event at Pathfinder Island, Source Lake, Spruce Root brings together professionals of many stripes to share original talks, workshops and panels. The event enriches the breadth of knowledge Headmen have at hand when guiding Pathfinder canoe trips, and offers them a glimpse of how their love of wilderness travel and youth leadership can evolve into lifelong careers and service.

Spruce Root speakers attend for fellowship and community, accepting no compensation.

Hosted by Mike Sladden & Glenn Arthurs and moderated by Dr. John Herman, this year is bound to impress. [Click Here to visit our Spruce Root page](#)

## GLM Fundraiser & Race

**Open to all present and former Headmen, and anyone who's led a Pathfinder trip**

*Brining generations together in support of kids who need an extra hand to get to Source Lake*

The annual George Liederhaus Memorial 'Race Round the Horn' was founded in 2000 and is an alumni weekend benefitting the Algonquin Campership Fund. This Canadian Thanksgiving classic includes a Saturday endurance sprint from Source to Smoke to Tanamakoon, and home over the infamous Found Lake portage and camp road. A blow-out Thanksgiving dinner and awards cap the race day.

Original race times were about 3 hours for a typical 3-day Mic-Chipp trip, and are now down to a winning time of 1:52:27 by Warren and Kathryn Babin McDermott, with all three teams finishing within 90-seconds.
